

Dear Vicki and Jim,

Thanks for the nice letter that came yesterday. I am sure you will like your Toyota and the good gas mileage.

The camping trip sounded like a lot of fun. The bears are wild even tho they appear tame but I am certain you kept your distance. They even break into tents and cars if they think they can find some food.

We had a very good time at Specim Wednesday. Along the road, after we got off from the ferry, a big deer ran across the road and Marty had very good reflexes I guess because she just barely kept from hitting it.

This afternoon I am going to play in the Seafair sectional at the

Seattle Center. When I get home
which will be about the same
time as dad, we are going up
to the cabin. I have everything
all lined up to go.

It is cloudy and chilly out
this morning but I think it will
clear up later on.

My tomato plants are really thick
with tomatoes but they aren't red
yet.

Mary has had a cold but she feels
much better this morning.

Have a good trip to Hawaii, Jim.
Dicki, we will be thinking about
you on your new job.

Love,
Mom.
